🍁 October at AIESEC: A month to remember! 🍁

📌 Welcome to the newbies!

This month, we welcomed 22 talented new faces to our AIESEC family. Their energy and passion for positive change is infectious, and we can't wait to see what they bring to our organization.

🎉 SA23's first LCM

This month's first Local Committee Meeting (LCM) was a perfect opportunity for our members to connect, share ideas and set goals for the months ahead. And what better way to celebrate than to raise a glass together!

🍴 Running Dinner - A unique experience

This month we also hosted our famous running dining, a wonderful opportunity for our members to share a meal, laughter and stories in a relaxed atmosphere.

★ INDUCTION DAY ★

After a rigorous selection process, the AIESEC team gave our new members a warm welcome at our induction day.

The day began with breakfast where our newly integrated members met for the first time. Thanks to the VPs, these recruits then discovered the heart of AIESEC: its rich heritage, the core values we stand for, and the benefits of being part of it. Well done to our new recruits for their curiosity and energy!

What better way to bond than to share a meal? Thanks to the VPs, lunch was punctuated by delicious crêpes. A tasty moment that allowed everyone to get to know each other a little better.

After absorbing so much information, a moment of relaxation was in order. The VPs organized fun and innovative activities, from human bingo quizzes to roll calls. These moments captured the essence of AIESEC: learning, challenging and, above all, fun! And to round off the day in style, we went to the Cyclo Café for a drink.

🤝 First SA23 LCM 🤝

At our first SA23 Local Committee Meeting (LCM) in October, all members met to discuss major issues such as the upcoming elections and the November "Do It" conference.

Following these intense exchanges, we concluded the evening in a local bar, sharing laughs, discussions and enjoying good beers.

MESSAGE FROM MEMBERS

★ Emma (TM) on Induction Day ★

"I really enjoyed the first day because I was able to familiarize myself with the association's principles and values and learn more about them. I also really enjoyed talking to the other members, especially during the lunch break. Of course, I couldn't wait to find out which department I was going to be in, so I was really looking forward to it :) The oldies were super welcoming and had prepared breakfast and dinner, which was really nice. Thank you so much!"

🍴 Salma (BD) on the Running Dinner 🍴

"My first running dinner was great!

I got to learn about how an event was put together during the preparation and organization of the day and mostly how much work was put into each one of them. I learned how important every detail is to the efficiency of an event.

Mostly, I had a lot of fun during the whole process, not only at the running dinner itself but also during the establishment of it. "
